Director,

Thank you so much for welcoming us into the Waterbury family and for providing us with the orientation program which will definitely guide us towards a better understanding of our future career here.

I'm writing to inform you that I won't be able to show up on the last day because I'll have to catch a flight at 2 P.M. to Seattle for a seminar the next day.

I've noticed there'll be some crucial discussions regarding issues of teaching strategies and class management at the end of the session. It's a real pity that I can't participate in person. I'll ask one of my peers to film it for me so that I can benefit from your exchange of opinions and insight.

Thank you again for organizing the meaningful event.
