Make a Statement with Dulex

Your wall is a blank canvas beckoning your artistic Muse to come out and play. Visit our website at www.dulex.ca/diy/colour and browse through hundreds of colors. Select your desired colors, and free samples will be delivered right to your doorstep. Our color samples are three times larger than usual and come with re-adherable backing, which allows you to **visualize** how colors match with the interior. Once you make your final decision, simply place your order online, and receive the paint of your choice within 3–5 business days, or pay a little extra to have it delivered overnight by our express service.

Notice: Colours on screen may vary depending on your screen settings and resolution. If you are unsure of a colour, we recommend ordering several samples in similar shades.

Subject: Order #8818

Hi,

I ordered a few samples and a paint color on your website yesterday. I was really surprised and happy to see them arrive this morning. However, there's something wrong with the items. I had ordered DX 112 (Egypt White), but received DX 115 (MoMA Gray). There must have been some confusion at your end. Could you send me the correct paint by Friday? I'm gonna need it this weekend.

Also, are there colors close to DX 360? That shade perfectly matches the décor of my living room, creating a naturally refreshing atmosphere. The others are either too dull or bright.

Thank you.

Aaron Padwee
